

Why we Love THE MALLEE!

The Pinnaroo Vibe!

Pinnaroo is an awesome place to live and bring your kids up in a vibrant young rural community. The community thrives on lifestyle, connection, and passion for what they like. There are heaps of things to get involved with including an active arts and wellbeing community, loads of different sports and community group and events. Pinnaroo is genuinely friendly and welcoming with that old town history interweaved with vitality and enthusiasm. The best sunrises, sunsets and view of the stars; 4wd driving, national parks. Nearby towns of Lameroo and Murrayville also have groups and facilities. If you desire extra shopping the Riverland is just a one-hour drive. There are plenty of job opportunities for your partner to work in many different industries and for kids to explore their talents.
